

ABWMCR

Special Project 2026-27

\$30,000 TOTAL GOAL

\$14,000 - PHILIPPINES MISSION PROJECT

Global Servants: Aaron & AmyEstelle Trout
Mitsubishi L300 “Farm” Vehicle

Goal: To help with much needed reliable transportation for the day-to-day operation of Tatay's Farm-Mission Center and to provide for impending camp and retreat opportunities for small churches, children, and ministry leaders. God's love is shared through agricultural outreach, providing food and encouragement to families in need. (2 Corinthians 9:8)

\$16,000 - THAILAND MISSION PROJECT

Global Servants: Katrina & Kyle Williams
Cleft Palate Reconstruction

Goal: To provide life changing surgery for children from the Mekong Region of Burma (Myanmar). Without surgery, challenges articulating sounds clearly may lead to communication difficulties and potential social stigmatization. Surgery makes it easier to breathe and eat. It also reduces malnutrition risks, promotes better growth, improves dental/mental health and transforms self-image. (Psalm 139:14)
